March 2026 source. Specifications may change without notice for quality/performance improvements. Battery ratings marked "A" follow the source notation. Confirm capacity, options and final specifications with YES RV.

EXTERIOR

LED AWNING LIGHT / RAIN GUARD
Optional integrated rain guard, developed in-house, securely supports the LED lighting.

4 M FIAMMA AWNING
Built-in storage for support legs. Pitch system allows angle adjustment.

SOLAR PANEL
Charging module for everyday power. 800-1,200 W depending on selected options.

ZEUS 640FU

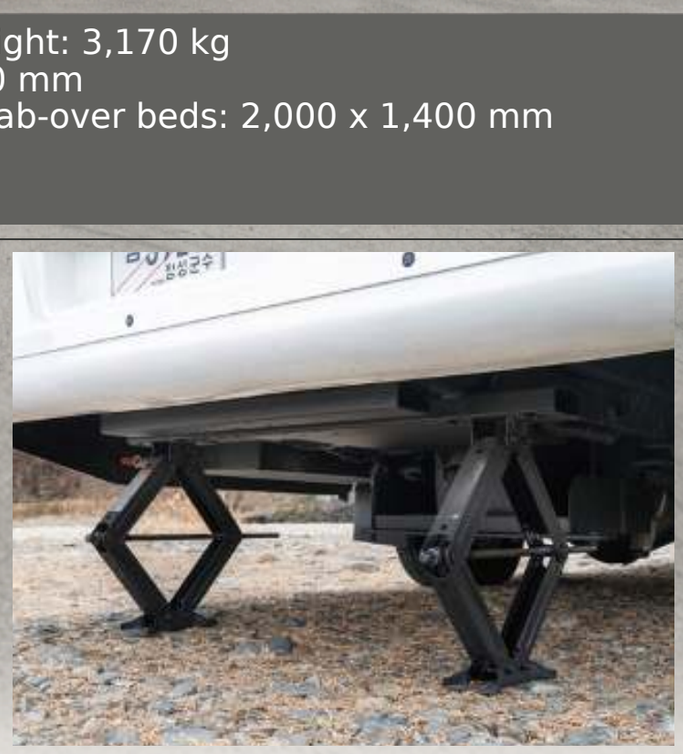

FULL-WIDTH STORAGE
Large rear pass-through storage, described in the source as the largest in its class, accommodates plenty of camping equipment.

Seats: 5 | Gross weight: 3,495 kg | Vehicle weight: 3,170 kg
Dimensions (L x W x H): 6,510 x 2,200 x 2,850 mm
Fixed bed: 2,000 x 1,300 mm | Convertible / cab-over beds: 2,000 x 1,400 mm

LiFePO4 BATTERY
600 A battery mounted underneath (up to 1,200 A). Supports driving stability and frees up interior space.

REAR TWIN OUTRIGGERS
Heavy-duty diamond-shaped outriggers improve stability while parked.

EXTERNAL AMENITIES (OPTION)
Outdoor TV and external sink let you enjoy living-room comfort in the open air.

Balanced structure and practical exterior features support stable driving and dependable camping.

INTERIOR

VARIABLE LIVING ROOM
Rounded three-sided sofa comfortably seats six while parked.

SMART LIVING LAYOUT
Smart TV, indirect lighting and generous circulation space create an efficient living area.

LARGE SINK / COLORED FAUCET
Large stainless-steel rectangular sink for spacious, convenient kitchen use.

FULL HEATING SYSTEM
Korean ondol floor heating

YES RV describes its system as the world's first Korean ondol heating for a camper. Korean floor-heating construction and a German Hi-boiler provide steady, deep warmth.

The source describes this in-house technology as a benchmark for warm camping in Korea.

COOLING SYSTEM
Quiet, powerful domestic air conditioning keeps the interior cool even on hot summer days.

FIXED BED / CAB-OVER BED
Premium stain-resistant mattresses create comfortable, cozy sleeping spaces.

ECO-FRIENDLY MATERIALS: in-house furniture uses materials certified by KCL (source claim).

ELECTRICAL SYSTEM
All-in-one control panel brings essential functions together for easy operation.

ELECTRIC BOILER SWITCH (OPTION)
Electric ondol floor heating at the touch of a switch, without diesel fuel.

ZEUS EXCLUSIVE (OPTION)
Freeze protection activates automatically at -3 C; described as an industry first.

230 L REFRIGERATOR
Large domestic refrigerator with tempered-glass shelves and ample storage.

SPACIOUS BATHROOM
1,095 x 815 mm shower room with an in-house molded design for comfort and convenience.

32 mm insulated GRP/AL panels throughout create a warm, comfortable interior.
